FISTSENSE

High Throughput

Low Power Consumption

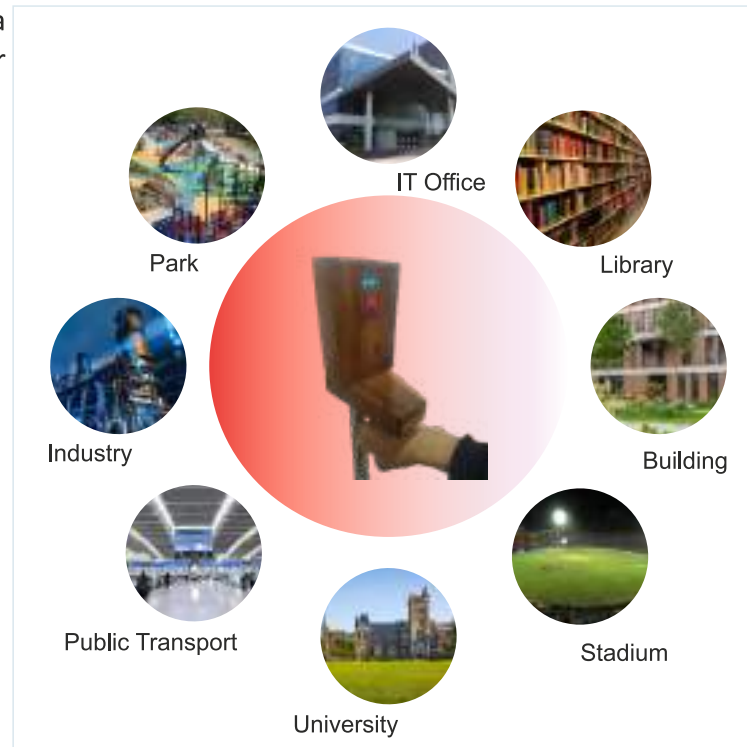

Best After Sales Service

Features

SIVA FistSense is used for accurate temperature measurement of individuals through their fist. It's a simple and easy to use device. Just place the hands for few seconds, check the temperature and keep moving.

- High Precision Infrared Sensor
- Stable & Reliable Performance
- Self service temperature screening
- Consistent accuracy not compromised by forehead perspiration, make-up, hair and head coverings
- Sensor location is not compromised by UV sunlight
- Offers output signals for gates and doors as well as integration with card readers
- No additional intervention or supervision required as with handheld temperature guns
- Made in India Product

Specification

Measurement Distance	5 cm
Measurement Range	32-42.9°C
Measurement Accuracy	±0.2-0.4°C Depending on Op. Temp.
Resolution	0.1°C
Operating Temperature	5° to 45° C
Audio Indication	Buzzer Alarm
Setting through Push	C/F
Buttons	Max. Temperature
Visual Indication	GREEN LED - Normal RED LED - Above the threshold limit

Warranty

Sivananda Electronics warranties its products against defects in material and workmanship for a period of one year from the date of installation or 15 months from the date of dispatch, whichever is earlier. This warranty excludes normal wear on finishes or damage that occurs due to abuse or misuse.

Our Other Products

- ❖ **Instruments:** 200+ types of test equipment's for Power, Wire & Cable, Capacitor, Oil & Petroleum industries are developed by in-house R&D Lab. Surge Testers, Automatic C&Tan Delta Bridges, Transformer Windings Resistance Meters, Oil Insulation Test Kits, Oil Tan Delta, Volume Resistivity & Dielectric constant Meter, Insulation Resistance Tester, Contact Resistance Meter etc.
- ❖ **Security:** Turnstiles, Tripods, Barriers, Metal Detectors, Bollards etc.

Disclaimer : To Keep pace with the technology Sivananda Electronics reserves it's right to update the system without prior consent.

About Us

- 50 years (in 2020) of service to India.
- 1st to develop metal detectors for security in India. Made in India.
- 1st to develop Turnstiles in India. Made in India.
- Eclina Awards (1995), Eleccrama Awards (1996), NIMA Awards (1999)
- Leading manufacturers of Security Systems and Test & Measuring Instruments in India.
- Largest supplier of Turnstiles in India in the last 25 years
- 150 different types of Electronic Test & Measuring instruments are indigenously developed for many industries.
- Exporting to 70+ countries.
