VIBRATION SENSOR

High Throughput

Low Power Consumption

Best After Sales Service

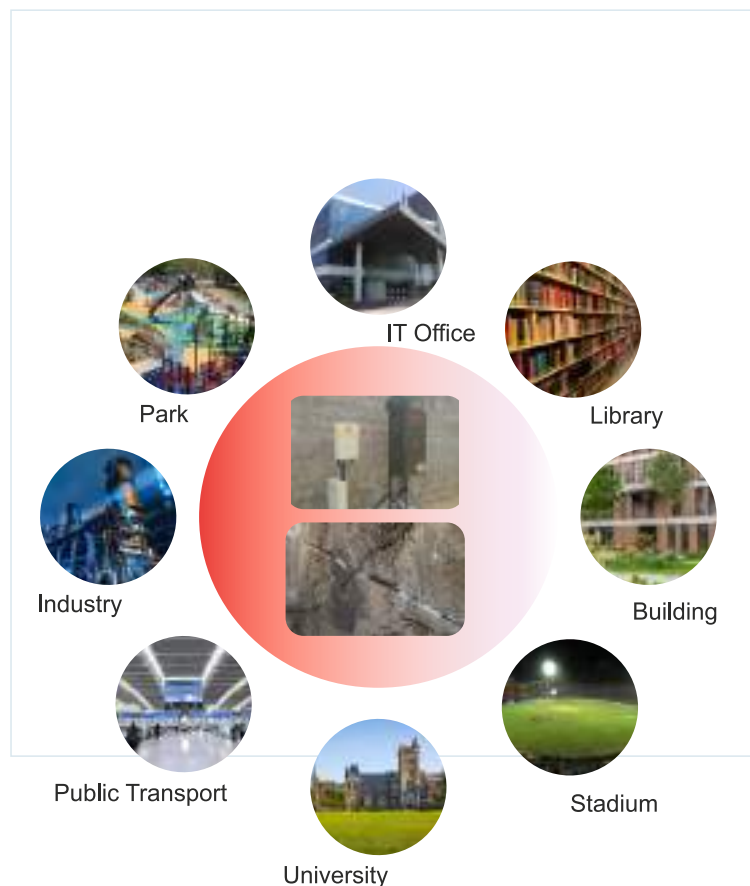

Features

A very effective solution to detect any attempt to break through a perimeter wall or dig under it. The Vibration Sensor picks up vibrations and transmits them to the alarm units or central monitoring system.

- Dual Zone configuration
- Micro processor based electronics unit
- Local Alarm unit facility
- Can be installed on wall or fence as per requirement

Applications:

- For detecting attempts to break a perimeter wall
- Any heavy vibrations created by attempts to dig through wall is picked up by the vibration sensor cable which is fixed to the inner side of the wall, using suitable clamping arrangement. These vibration signals are processed by the Field units and the digital alarm data is sent to the alarm units or the central monitoring system.

Warranty

Sivananda Electronics warranties its products against defects in material and workmanship for a period of one year from the date of installation or 15 months from the date of dispatch, whichever is earlier. This warranty excludes normal wear on finishes or damage that occurs due to abuse or misuse.

Our Other Products

- ❖ **Instruments:** 200+ types of test equipment's for Power, Wire & Cable, Capacitor, Oil & Petroleum industries are developed by in-house R&D Lab. Surge Testers, Automatic C&Tan Delta Bridges, Transformer Windings Resistance Meters, Oil Insulation Test Kits, Oil Tan Delta, Volume Resistivity & Dielectric constant Meter, Insulation Resistance Tester, Contact Resistance Meter etc.
- ❖ **Security :** Turnstiles, Tripods, Barriers, Metal Detectors, Bollards etc.

Disclaimer : To Keep pace with the technology Sivananda Electronics reserves it's right to update the system without prior consent.

About Us

- 50 years (in 2020) of service to India.
- 1st to develop metal detectors for security in India. Made in India.
- 1st to develop Turnstiles in India. Made in India.
- Eclina Awards (1995), Elecrama Awards (1996), NIMA Awards (1999)
- Leading manufacturers of Security Systems and Test & Measuring Instruments in India.
- Largest supplier of Turnstiles in India in the last 25 years
- 150 different types of Electronic Test & Measuring instruments are indigenously developed for many industries.
- Exporting to 70+ countries.
